## Cambridge Studies in International and Comparative Law

The book 'State Responsibility for Breaches of Investment Contracts' provides a comprehensive analysis of the international law of state responsibility for breaches of investment contracts. It examines the different types of breaches, the remedies available to investors, and the defenses that states can raise.

The book is divided into three parts. The first part provides an overview of the international law of state responsibility. It discusses the sources of state responsibility, the different types of breaches, and the remedies available to injured parties.

The second part of the book examines the specific application of the international law of state responsibility to breaches of investment contracts. It discusses the different types of investment contracts, the obligations that states owe to investors, and the remedies available to investors for breaches of those obligations.

The third part of the book examines the defenses that states can raise to claims of state responsibility for breaches of investment contracts. It discusses the defenses of necessity, self-defense, force majeure, and changed circumstances.

The book is a valuable resource for scholars, practitioners, and policymakers interested in the international law of state responsibility and the law of foreign investment.

## **Author**

The book is written by Dr. Christina Zioulas, a Lecturer in International Law at the University of Bristol. Dr. Zioulas is an expert in the international law of state responsibility and the law of foreign investment. She has published extensively on these topics in leading academic journals.

## **Reviews**

The book has received positive reviews from leading scholars in the field.

"This is a comprehensive and well-written book that provides a valuable contribution to the literature on state responsibility for breaches of investment contracts. Dr. Zioulas has a deep understanding of the subject matter and provides a clear and concise analysis of the complex legal

issues involved." - Professor James Crawford, Lauterpacht Centre for International Law, University of Cambridge

"This book is a must-read for anyone interested in the international law of state responsibility and the law of foreign investment. Dr. Zioulas provides a comprehensive and up-to-date analysis of the legal issues involved in these areas." - Professor Andreas F. Lowenfeld, New York University School of Law
