Meticulously researched and written with a raw and compassionate voice, 'The Burning' unveils the untold stories and harrowing accounts of the victims, survivors, and perpetrators of this horrific event. As we delve into the pages, we witness the rise, prosperity, and eventual destruction of Greenwood, known as 'Black Wall Street,' a thriving African American community in Tulsa, Oklahoma.

The Roots of Racial Tensions: A Prelude to Violence

Madigan expertly traces the origins of racial tensions that culminated in the massacre. From the systemic segregation and economic disparities to the spread of white supremacist ideology, he paints a vivid picture of the tinderbox that was Tulsa in the early 20th century.

Through firsthand accounts and historical analysis, 'The Burning' illuminates the events leading up to the outbreak of violence, including the tragic incident that ignited the firestorm: the alleged assault of a young white woman by a young black man.

The Night the City Burned: A Horrific Orgy of Violence

As darkness descended on Tulsa on May 31, 1921, a mob of white rioters descended upon Greenwood, armed with guns and torches. 'The Burning' chronicles the harrowing hours of terror that unfolded, as homes and businesses were set ablaze, innocent lives were lost, and the dreams of an entire community were shattered.

Madigan exposes the complicity and inaction of law enforcement and government officials, who not only failed to protect the black residents of Greenwood but also actively participated in the violence.

Aftermath and Legacy: Uncovering the Buried Truth

In the aftermath of the massacre, the city of Tulsa attempted to erase the horrors of that night. But 'The Burning' brings to light the enduring legacy of racism and inequality that continues to haunt the United States.

Madigan explores the decades-long struggle for justice and reconciliation, including the efforts of survivors and activists to bring the truth to light and seek reparations for the victims and their descendants.
