

# The Definitive History of Britain's Organized Crime

Britain has a long and storied history of organized crime, dating back to the early days of smuggling and piracy. In the 18th century, British criminals were involved in everything from the slave trade to the smuggling of contraband goods. In the 19th century, organized crime gangs began to take control of major cities, and by the early 20th century, they were firmly entrenched in British society.

Today, organized crime remains a major problem in Britain. The National Crime Agency estimates that there are over 4,000 organized crime groups operating in the UK, with a combined annual turnover of over £10 billion. These groups are involved in a wide range of activities, including drug trafficking, money laundering, and extortion.

The Definitive History of Britain's Organized Crime is the first comprehensive account of this hidden world. Based on exclusive interviews with criminals, law enforcement officers, and academics, this book tells the untold story of Britain's criminal underworld.

From the early days of smuggling and piracy to the modern era of drug trafficking and money laundering, The Definitive History of Britain's Organized Crime is a must-read for anyone interested in the dark side of British history.
