Essential Tips for Survival

- **Prioritize Stealth:** Avoid direct confrontations whenever possible. Use stealth techniques, such as crouching and hiding behind objects, to outmaneuver enemies.
- **Manage Resources Wisely:** Scavenge for vital supplies like food, medicine, and ammo, and allocate them carefully. Craft items like health kits and shivs to prepare for emergencies.

- **Craft and Upgrade Weapons:** Enhance your arsenal by collecting blueprints and crafting weapons. Upgrade them with parts to increase their damage and effectiveness.
- **Listen for Clues:** Pay attention to the sounds of the environment. Footsteps, gunshots, and animal noises can indicate enemy presence or valuable resources.
- **Exploit Environmental Hazards:** Utilize environmental hazards, such as explosive barrels and traps, to your advantage in combat.
