

The Making of Neoliberal Turkey: A Critical Analysis of Economic and Political Transformation

The Justice and Development Party (AKP) came to power in Turkey in 2002, promising to implement a new economic and political model that would break with the country's past. The AKP's policies have been widely characterized as neoliberal, and they have had a profound impact on the Turkish economy and society.

This book provides a comprehensive and critical analysis of the AKP's neoliberal policies. It examines the ways in which these policies have transformed the Turkish economy, including the privatization of state-owned enterprises, the liberalization of trade and investment, and the deregulation of labor markets. It also analyzes the impact of these policies on Turkish society, including the growing gap between rich and poor, the erosion of labor rights, and the suppression of dissent.

The book also examines the ways in which the AKP's neoliberal policies have reshaped Turkey's political landscape. It argues that the AKP has used these policies to consolidate its power and to weaken its opponents. The book also discusses the implications of the AKP's neoliberal policies for Turkey's future.

This book is a valuable resource for anyone interested in the economic and political transformation of Turkey under the AKP government. It provides a comprehensive and critical analysis of the AKP's neoliberal policies and their impact on the Turkish economy and society.
