

The Moral Exploitation of the American Soldier: A Revealing and Thought-Provoking Examination

In recent years, there has been a growing awareness of the moral challenges faced by American soldiers in the post-9/11 era. The wars in Iraq and Afghanistan have exposed our troops to unprecedented levels of violence and trauma, and the resulting toll on their mental and emotional health has been profound.

In his groundbreaking book, **The Moral Exploitation of the American Soldier**, Dr. Robert Jay Lifton examines the systemic factors that have contributed to this moral crisis. He argues that American soldiers have been exploited by a political and military establishment that has failed to provide them with the necessary support and resources.

Lifton identifies three main forms of moral exploitation:

1. The **glorification of war**, which creates unrealistic expectations and makes it difficult for soldiers to process the horrors they have experienced.
2. The **instrumentalization of soldiers**, which views them as mere tools to be used and discarded.
3. The **denial of the suffering of soldiers**, which prevents them from receiving the help they need.

Lifton's book is a powerful indictment of the American military and political establishment. He argues that the exploitation of soldiers is a moral crime that has had devastating consequences for both individuals and society as a whole.

The Moral Exploitation of the American Soldier is a must-read for anyone concerned with military ethics and the well-being of our troops. It is a disturbing but essential book that sheds light on one of the darkest chapters in American history.

About the Author

Dr. Robert Jay Lifton is a world-renowned psychiatrist and author who has written extensively on the psychology of war and genocide. He is a professor of psychiatry at the City University of New York and the author of numerous books, including *Death in Life: Survivors of Hiroshima*, *The Nazi Doctors*, and *The Broken Connection*.

Reviews

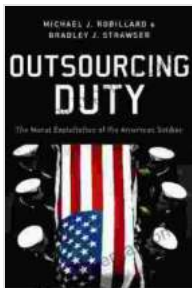

"A groundbreaking work that exposes the systemic moral exploitation of American soldiers. A must-read for anyone concerned with military ethics and the well-being of our troops." - Noam Chomsky

"A powerful and disturbing indictment of the American military and political establishment. Lifton's book is a must-read for anyone who wants to understand the moral crisis facing our soldiers." - Howard Zinn

"A brilliant and essential book that sheds light on one of the darkest chapters in American history." - The New York Times
