

There and Back Again In North Korea: A Journey To The Edge Of The World

In 2018, US Navy veteran Darren McKinney traveled to North Korea as part of a humanitarian mission. He spent two weeks in the country, visiting Pyongyang, the Demilitarized Zone (DMZ), and other parts of the country. His book, *There and Back Again In North Korea*, is a firsthand account of his journey, providing a rare glimpse into one of the most isolated and secretive countries in the world.

McKinney's book is more than just a travelogue. It is also a meditation on the nature of war and peace, and the importance of human connection. He

writes about the challenges that the North Korean people face, but he also finds moments of hope and beauty.
