

Unlocking the History of Anthropology: A Comprehensive Journey Through Anthropological Theory

Anthropology is the study of humanity. It encompasses a wide range of topics, from human evolution to social and cultural practices.

Anthropological theory provides a framework for understanding these diverse aspects of human existence.

The *History of Anthropological Theory, Sixth Edition*, is a comprehensive overview of the development of anthropological thought. This book traces the evolution of anthropological theory from its origins in the Enlightenment to its contemporary expressions.

A History of Anthropological Theory, Sixth Edition
